

Our realizations

AUTOMATIC HANDLING

VISSMANN - Faulquemont, France

- Design, manufacturing, installation of a conveyor tunnel link buildings of transport productions with the hall of store and logistics.

GEPOR - Florange, France

- Design, manufacturing, installation of automatic packing equipment.

AEROLIA - Méaulte, France

- Manufacturing installation and commissioning of two moving assembly platforms cockpits A 320, A 340.

TATASTEEL RAIL - Hayange, France

- Design, manufacturing, installation of a turning equipment for blooms in the furnace entrance.

TATASTEEL RAIL - Hayange, France

- Design, manufacturing, installation of expansion equipments rolling mile of rails 108m.

TATASTEEL RAIL - Hayange, France

- Design, manufacturing, installation of heat treatment equipments of rails 108 m.

KIHN - Rumelange, Luxembourg

- Design, manufacturing, installation of handling equipment rails Project NFU.

VALLOUREC SALZGITTER - Saint Florentin, France

- Design, manufacturing, installation of 4 handling robots such as « overhead crane» fully automated and 2 transporters for automatic handling of tubes surface treatment.

ARCELORMITTAL - Rodange, Luxembourg

- Supply roller table, stops, chassis, cooling bed and transfers as part of renovation C Train.

WALLDRICH SIEGEN - China, Korea, Italy

- Design, manufacturing, installation of semi gantry cranes for cylinders for rolling mill automatic supply workshops of cylinder rectification.

WALLDRICH SIEGEN - Germany

- Design, manufacturing, installation of automated gantry cranes with clamp cylinders for the EDT loading machine in EKO Stahl (Germany), DONGBOU (Korea), ILVA (Italy), KIMITSU (Japan)

AREVA JSPM

- Design, manufacturing, installation of a maintenance mechanism equipment of cluster control for reactor cover.

Our realizations

AUTOMATIC HANDLING

EIFFAGE

- Design, manufacturing, installation of handling crane for renovation of an EDF hydraulic dam in Marckolsheim. Characteristics: crane moving on the crane rail; CMU8T of 8m on 270°

ARCELORMITTAL - Dudelange, Luxembourg

- Design, manufacturing, installation of a conveyor automated for deposite the lower hatches of furnace.

ARCELORMITTAL - Florange, France

- Manufacturing of extraction conveyor of 5 roll cages deposite a chariot of shiftage for cycle optimization in a cylinder change
